

QUT Engineering undergraduates wanted now!

Students paid \$22,897 - \$30,652 p.a + benefits

The Australian Defence Force (ADF) pays undergraduate students who would like careers as Engineering Officers in the Royal Australian Navy, Australian Army or Royal Australian Air Force up to \$30,652 p.a to study at the Queensland University of Technology. Engineering Officer careers in the ADF provide well-remunerated, exciting and professionally rewarding chances for graduates to practice their skills on the most sophisticated equipment found anywhere. You'll experience the challenge of working in areas as diverse as aeronautical and aerospace, armament and weapons, electrical and mechatronic, marine, mechanical and civil engineering.

Under this unbeatable scheme, full-time Bachelor of Engineering students are sponsored through their degrees from their second year (or later) onwards before working as officers in the ADF.

Minimum annual pay rates (as at 09 Mar 06) for undergraduate and graduate engineering officers in are:

\$22,897 - Students with three years to graduation,

\$28,805 - Students with two years to graduation,

\$30,652 - Final year students

\$53,011- \$56,161 - 1st 3 years at rank of Sub Lieutenant (Navy), Lieutenant (Army) or Flying Officer (Air Force)

\$61,184 - On promotion to Lieutenant (Navy), Captain (Army) or Flight Lieutenant (Air Force)

The ADF also pays other costs and benefits for its undergraduates and graduate officers including:

HECS fees,

University library fees,

Prescribed textbook costs,

A tax-free rental allowance,

Full comprehensive medical, dental, physiotherapy and pharmaceutical cover,

Excellent superannuation (18% employer contribution rising to 28% as length of service increases).

ADF sponsored undergraduates incur a return of service obligation of the number of years of university study sponsored plus one year following graduation. There are no major military commitments for our undergraduates during their sponsorship and they remain at the Queensland University of Technology throughout their studies.

Students who are in their second semester of first year or later in their degrees are encouraged to apply for sponsorship now by calling 13 19 01. Further details of ADF officer jobs and undergraduate sponsorship opportunities are available on the following website:

www.defencejobs.gov.au/default.asp?p=138
